A Woman Is Wonderfully Constructed

The delicate structure of a woman's body is a source of wonder to medical men. So complicated are its parts that only the most learned are capable of understanding it. Women do not know themselves. They do know, however, what it means when any of these delicate parts get weak or disordered. They alone know the suffering, the misery, the prostrating effect when the generative system becomes irregular. The disturbance not only robs them of strength and the enjoyment of health, but they have work to do and it must be done in spite of a body that is weak and suffering and a mind that is harassed by the dread of an invalid's fate. Happily, most of these ailments of women are curable and one of the most dependable medicines for the relief of such troubles is **Dr. Simmons Squaw Vine Wine**. It is prepared expressly for the diseases of women. It is a successful medicine. One that builds up the Nervous System and strengthens and regulates the generative organs. It stops the painful symptoms promptly, tones up the nerves, makes the body strong, the digestion good, and restores a feeling of wellness, of power to perform the household work without fatigue. Ailing women should try this remedy. It will give them back the health, strength and vigor of girlhood days.

S. B. Reamer for Re-election.

In this issue of The Falcon appears the authorized announcement of S. B. Reames as a candidate for re-election to the office of trustee of Fayette county, subject to the democratic primary of October 30, 1915.

Mr. Reames was elected trustee two years ago and assumed his duties one year ago last Monday for a two year term, succeeding B. F. Murrell in that office. He has endeavored to give efficient and satisfactory service in his official capacity and he asks an endorsement in a second election to the office. He has been prompt and careful in the discharge of his duties and every customer of the trustee's office has been kindly and courteously treated by him. No complaint has been heard from the way he has handled the public business, and having served but the one term he feels that he should be given a second, the custom prevailing in every office throughout the country where an official has been faithful and capable in the discharge of his duties. He is a Christian gentleman, entirely trustworthy, and assures the democrats of the county of his most earnest effort in every public duty if re-elected.

To the Public.

"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Withersall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." For sale by all dealers. 10-1

J. T. Jordan for Re-Election.

In this issue appears the authorized announcement of J. T. Jordan as a candidate for re-election to the office of Sheriff of Fayette county, subject to the action of the democratic primary of October 30, 1915.

Mr. Jordan is quite well known to the democratic voters of this county. He has been twice nominated by his party for sheriff and twice elected in the general elections. He is now serving his second two-year term and asks he be re-elected for another term, three terms being all that a can man serve consecutively in that office. Before being elected sheriff four years ago he served as constable of the fourteenth district for several terms and was two years jailor under Sheriff Farris. He has always been an unfailing advocate of democracy and has never once weakened or wavered in his allegiance to the party, its principles and its nominees.

Up to this time there is no candidate opposing Mr. Jordan and indications are that he will have no opposition.

HERE SHE IS—QUEEN OF HER CLASS—A JERSEY WINNER OF BIG HONORS.

Better stock in beef and dairy cattle is the cry and the need of the South. If the stock on most of the Southern farms approached the class shown above, this country would be wealthier than any empire in the world. The Jersey shown here won first honors at the Tri-State Fair at Memphis last year. The fair opens this year September 26th and will last ten days, and indications are that the number of head of stock on the grounds will be almost half again as many as last year.

First Bale Last Saturday.

The first bale of the new cotton crop on the local market was brought in last Saturday by Charles W. Graham who lives on route six east of Somerville. was ginned free of charge by J. S. Taylor, and was sold to the Somerville Supply Co. at ten cents per pound.

Mr. Graham brought first bale last year to this market on September 2, two days earlier than his first bale this year. On the second day of September last year three bales were brought to this market. The premiums given this year for the first bale will make it net Mr. Graham more than twelve cents per pound.

Buyers and the commercial world generally feel that there is a very bright outlook for the market conditions of the coming season. Locally, matters will be in fine shape. As stated in these columns before, there will be more buyers than in past years, and they say that their connections are such that they will be able to give the highest possible price for all cotton offered for sale here.

Must Believe It.

When Well-Known Somerville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Somerville the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

J. G. Knox, State St., Somerville, says: "I suffered from pain and lameness across the small of my back and I got so bad I couldn't stoop to tie my shoes. My kidneys acted too freely and I had to get up at night to pass the kidney secretions. Lights flashed before my eyes and I was often dizzy. It didn't take Doan's Kidney Pills long to rid me of all these troubles. I know that I am doing the right thing in recommending them to other kidney sufferers."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Knox had. Foster-Milburn Co., Props. Buffalo, N. Y. 9-10

Biliousness and Constipation.

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." For sale by all dealers. 10-1

J. D. Morton For Assessor.

In another column of this issue appears the announcement of J. D. Morton of the fourteenth district as a candidate for re-election to the office of tax assessor of Fayette county, subject to the democratic primary of October 30, 1915.

Mr. Morton was appointed assessor last winter to succeed David Dobbins who was killed by Henry Roberts, Chairman Shelton feeling that by this appointment aid would be given to the wife and children of Mr. Dobbins who are left to the care and support of her father, Mr. Morton. He hesitated to accept the appointment because of his health, but with the activity that has come with the discharge of his duties he has greatly improved in health and now comes before the democratic voters asking for office for the first time during an active life of more than sixty years. He is a very capable man, careful, painstaking and honest, and will perform every duty of the office to the very best of his ability. He is a

man of very modest means, and he has consented to make this race under the very urgent appeals of his daughter, Mrs. Dobbins, who with her five children, must look to him for support. She has urged him to run for her sake and he asks the voters of the county to carefully consider his claims.
